Frequently Asked Questions:

Where is “Assist To Succeed” located?

Classes will be held in the office of **Dr. Jerry C. Sells** in Benton KY.

How long are classes?

Classes will run on **Tuesday and Thursday** evenings starting **Aug 14, 2012 from 6-9pm for 11 weeks**. Personal study time during the week is required.

Are books and supplies included in tuition?

Yes! We believe if you pay for tuition there should be no extra charge for books and supplies. Our goal is to make this the greatest educational experience of your life! Uniforms and Vaccinations will be required prior to starting the program.

Is there an age limit?

NO! Anyone with good dexterity, in general good health, & an outgoing personality can be a dental assistant with the right training.

Can a “front office” dental employee benefit?

Absolutely! The more dental knowledge an employee has the more valuable they become. Imagine having the flexibility to do everything in a dental office!

A Note from the Directors:

We are very pleased to offer a program that we are sure will meet the needs of many people and make dental assisting the career that changes lives.

We feel that we have a unique school environment where students can learn in an active dental practice. Our students receive hands-on experience in all aspects of dentistry with the latest technology. This experience provides the student with a significant edge in the marketplace.

Thanks for taking the time to investigate the next best step in your life. Please call our office with any questions you may have.

Regards,

Jerry C. Sells, DMD, MAGD

Alicia Sells Colp, RDH

Christy Sells Smith, RDH

PS. We believe that all deals should be win/win. This is why we offer a 100% money back guarantee anytime during the first week of class- no questions asked!

Things You Need to Know

Time: Classes run from 6pm to 9pm on Tues. and Thurs. evenings, beginning Aug. 14, 2012. You need to attend all classes.

Tuition: \$2800 (*early sign up discount for the first 5 students paying in full*)

Books: All books are included

Supplies: All supplies included

Instructors: The course is directed by a currently practicing Dentist, and Registered Dental Hygienists who have had thousands of hours of experience.

Hands-on experience: Because dental assisting is a "hands on" work environment, course work is designed to focus on developing those skills

Externship: In order to graduate all students must complete a 30 hour externship working in a dental office. The experience may be completed any time during or after course work. The starting salary for an experienced assistant is significantly higher than someone with no experience!

Certification: In Kentucky, certification is required for all assistants performing radiographic procedures. Upon completion of this course you will receive an X-ray certification, diploma, a letter of recommendation and summary of your training experience.
